Departure Day

Lana leaned forward and massaged his shoulders. "You're tense."

"I hate this," Marcus said to his wife.

"We need the money," Lana told him. Then, "I signed a contract."

Sitting on the edge of the bed, he sighed heavily and ran a hand through his thick hair. He knew all about the contract. Too damn much. Lana had signed on for a six-month tour. Five down, he thought, one to go . . .

Marcus hated departure day. His wife's monthly trips to the Defense Ring were a knife in the gut. But she was right. On both counts. The money—their sole source of income since his injury—was essential for their survival. And while not illegal, renegeing on a contract was a surefire way to get blackballed by the pleasure industry.

Lana leaned forward and massaged his shoulders. "You're tense."

"I wonder why."

"It's only a week."

"One day is too long. Hell, one hour . . ."

How many tricks, Marcus wondered, would she turn this time? He had asked her after the first trip. Regarding him balefully, Lana had said, "I didn't keep a goddamned tally." He had regretted the question. Still, he was curious. Lana's refusal to discuss her job ignited his imagination in the worst way. He couldn't help but fill in the blanks . . .

Of course, things could have been worse. The Defense Ring was a plum environment, especially when compared to the General Sector. Lana had never worked in the dangerous GS, but some of her current colleagues had and they had shared plenty of grim stories about the life.

The war had provided a boost for the oldest profession, changing it for the better. No sooner had the conflict begun

than sanctioned escort services were formed to keep trooper morale high.

A sexually satisfied trooper was a highly effective trooper. That was the theory, anyway. Marcus wouldn't know. He was anti-war. Deeply opposed to the current conflict, he had participated in his share of riotous protests until a Sector Kop had fractured his wrist. Unable to work at the freight docks, he had watched with a mixture of relief and despair as Lana had filled out an application with the biggest escort service in the galaxy.

Now, his wife's deft fingers working their magic, Marcus felt his muscles loosen. Lana lifted his long hair. She kissed his neck. He closed his eyes. It was always like this on the morn-

ing of departure day. A little nooky, Lana was fond of saying, to tide you over. Today she said nothing, letting her body do the talking . . .

Kissing his neck, Lana reached around with one hand and grasped his stiff shaft. She proceeded to stroke him, moving her hand up and down, nice and slow. Lana would be sick of sex by the end of her tour; this was always the case. Marcus wouldn't touch her. He would wait patiently until her desire returned and she made the first move.

Departure mornings were the exact opposite. His wife seemed to be limbering up for the sexual marathon which awaited her on the Defense Ring. Despite his feelings about the war, and Lana's role in the effort, he surrendered himself fully to her. She was doing it for them, he knew, and that made all the difference.

Continuing to jerk his prick, Lana slid her other hand down the front of her panties. "Mmmmmmmmmmm," she

Squeezing her cheeks, he moved his hips with hers, nibbling on her throat as he did so. Crazy with passion, he spun Lana around and pinned her beneath him. Pushing her legs apart, he skewered her pussy

uttered in his ear. "So wet."

Marcus couldn't wait to fuck her. Thankfully, he didn't have to. No longer content with stroking him from behind, Lana climbed into his lap. Her sour morning breath punched him in the face. Marcus couldn't have cared less.

She grasped his rod and guided it home, impaling herself good and proper. Her slender arms wrapped around his torso, her fingers digging into his muscular back, she moved her hips rhythmically. Marcus reached around with both hands and cradled her tight ass; his wrist had healed enough for this, though it would be another week or two before he could return to work.

Squeezing her cheeks, he moved his hips with hers, nibbling on her throat as he did so. Crazy with passion, he spun Lana around and pinned her beneath him. Pushing her legs apart, he skewered her pussy without the aid of his hand. She cried out. He thrust. Once, twice, three times. Her raven locks fanned across the pillow, she turned her head to the side and bit her lip. Marcus fucked her in earnest, driving into her center.

Theirs was a desperate union, the bittersweet collusion of a couple soon to be apart. Separated by forces beyond their control, forces bigger than themselves, forces with the awesome power to destroy entire planets. Had it not been for the Defense Ring, a vast network of space stations equipped with manned cannons, their home would have been conquered long ago.

But how long would the defenses hold? How long before the Draxons, a race known for its technological savvy, developed a craft capable of breaching the DR? Such thoughts were never far from Marcus's mind, even in the throes of passionate lovemaking. Still, he did his damndest to push them aside and focus on pleasuring his lovely wife.

He withdrew and manipulated Lana into the doggy position. One hand holding her hip, he used the other to push himself inside her; this before banging her beauti-

ful bum with a series of stiff jabs. She came seconds before Marcus pulled out and blew his load in her face and on her sizable tits.

"I'd better get cleaned up," Lana said, breaking the lengthy silence which had followed their lovemaking.

"Yeah," Marcus muttered from beside her.

Head propped on a pillow, he watched his wife pad to the lavatory, admiring her lithe figure. No doubt she was popular with the sex-starved troopers. Perhaps, he thought with a sense of proprietary pride, their number one girl. Don't get used to it, fellows. This is her last rodeo.

Or was it?

The money was good. They could certainly use it, even after he returned to the freight docks. Two incomes would be nice. Would he ask Lana to sign on for another tour? Maybe he wouldn't have to. Maybe she would renew her contract without his prodding. Things weren't getting any cheaper, not with the war driving prices to insane levels.

Marcus resisted the urge to join Lana in the cleansing cube. They would wind up making love again, and she couldn't be late.

Her ship departed in exactly one hour . . .

--II--

No sooner had the transport ship blasted off the tarmac than Lana breathed a sigh of relief. Her work wasn't done, not by a long-shot, but at least the unsavory business of deceiving her husband was over. It's for the best, she told herself for the umpteenth time.

Of course, Lana had balked at first, changing her mind only after Jason, a cannon operator, had provided proof of their forthcoming defeat at the hands of the Draxons. "They've finally developed a ship capable of thwarting the Defense Ring," Jason had confessed after enjoying Lana's services. "The ship is being mass produced as we speak. It won't be long before they

have an armada . . .”

She had been highly skeptical, wondering how a lowly cannon operator had obtained such information. “I have my sources,” he had told her. Still, she hadn’t believed him. Until he had produced his Vivascreen and shown her actual footage of the ship in action. Lana’s face had drained of color. “We don’t stand a chance,” she had said, her voice shaky with fear.

Now, having retired to her quarters to change clothes, her fear had been replaced with steely resolve. The Draxons had conquered other planets with ruthless efficiency. The defeated were enslaved and subjected to every indignity imaginable. No, Lana thought, not me. And not my dear Marcus.

A high-pitched ding sounded. She straightened her hair one last time and exited the room. Escorts were lined up against the parlor wall, turning this way and that in their most revealing outfits. Lana joined her colleagues as a group of horny troopers smiled appreciatively. Jason was among them. Their eyes met. He picked her immediately. “I hope you’re ready,” Jason said after they found an empty pleasure room.

“You know I am,” Lana told him.

He searched her face. “Do I?”

His doubt offended her.

Jason said, “You love your husband.”

“Which is why I’m doing this,” Lana explained. “Love.”

The battle-hardened trooper smiled cynically. “One last quickie?”

“Sure,” Lana said, already kneeling before him.

She treated Jason to a sloppy blowjob. Moaning and groaning around his dick, she pumped her head frenziedly. Jason didn’t have to remind her about his balls. Lana took real good care of them, licking and lapping his nuts while tugging his slobbery prick with a deft hand.

“Show me that pussy, baby,” he told her.

Lana sat on the circular bed and lifted the hem of her

sequined party dress. She hadn’t bothered to wear panties. She leaned back on her elbows and spread her legs, giving Jason a nice view of her gaping gash.

“Come and get it,” she told him.

Jason hastened out of his jumpsuit and mounted her with a savage thrust. Lana grunted. The trooper had a bigger cock than Marcus. She wrapped her legs around his waist. He humped her good, deploying his prick like a weapon. Quickie, Jason had said. He wasn’t kidding. It was over before it began. His seed ran down her inner thigh; it had dried to a crust by the time they were dressed and ready to board the winged fighter.

The dock guard was easy enough to subdue. Lana flashed her tits, creating a distraction in which Jason whacked him over the head with his blaster. The guard hit the deck with a dull thud.

“You sure you can fly this thing?” Lana asked as they strapped themselves into the cockpit.

“We’ll make it,” he assured her, entering their destination into the computer. “These things practically fly themselves.”

“If you say so.”

“It’ll be over before you know it.” Jason placed a reassuring hand on her thigh. “We won’t feel a thing. Nobody will.”

Unlike those poor souls enslaved by the Draxons, Lana thought. They felt plenty, day after miserable day.

“Don’t miss,” she said, raising her voice to be heard over the powerful engine as the fighter lifted from the dock.

“I won’t,” Jason said, not bothering to remind her that he had programmed her home into the computer. “There’ll be nothing left . . .”

And then what? She knew without asking, knew that once their target was obliterated Jason would finish them off like the ancient Kamikaze.

Some things never changed.

Escorts were lined up against the parlor wall, turning this way and that in their most revealing outfits. Lana joined her colleagues as a group of horny troopers smiled appreciatively. Jason was among them.

SYREN DEMER

"I'm a bit of an anal freak and it's all my ex's fault. One night, we got pretty drunk and started making out. Well, that led to us getting it on, and after an hour of heavy petting and great sex, he 'accidentally' slipped it into my butt. I initially screamed but felt a tingle back there and asked if he would do it again!"

.....

I was sleeping on the subway late one night on my way home from work when I felt something strange start to wake me up. I was already half hard from my dream. Something was pressing down against my bulge and moving up the shaft. I shifted, trying to ignore it, until I realized it was someone's hand. I cracked one eye open the slightest bit, pretending to be asleep as a woman's fingers grazed my groin. She was young, maybe mid-20's, with long, dark hair and brown eyes. The top button of her white blouse was undone and showed off her heaving tits. Without me responding, she let her touch linger

and squeezed right where my cock tip would be. I was getting harder with each passing second, straining against my zipper.

"Hey there," the woman murmured, her voice barely above a whisper. "Are you awake?"

"Yeah, I am," I admitted. My voice was rough with sleep and arousal, "do you want to see it?" She nodded as she bit her bottom lip, cheeks flushed red. Reaching down, I unbuttoned and tugged down my jeans just enough to let my dick out. It sprang free, bobbing in the cool air of the subway car. She wrapped her fingers around my shaft and started stroking me. I groaned at the

sensation, my hips thrusting up into her palm. She pumped me faster, tightening her grip.

"Fuck," she marveled at the precum drooling from the tip. "I can't believe I'm touching you like this, you're so big!" I groaned and fumbled around for my wallet before pulling out a condom and handing it to her. She took it with a grateful smile, tearing it open with her teeth. "Let me put this on for you."

She rolled the rubber sheath down my throbbing length and stood, hiking up her skirt. The lacy edge of her panties passed by in a blur as they dropped to the dirty floor. Facing away from me, she straddled my lap. Damp fabric clung to her pussy as she rubbed herself against me. She reached down to push her panties aside, "I need you inside me right now." The swollen head of my cock settled against her entrance before she sank down in one smooth motion. I groaned at the feeling of her tight, wet heat enveloping me. My fingers dug into the soft skin of her hips.

"Oh god, yes," she gasped out, her pussy clenching. She rolled her hips, riding me slow and steady. Her breath came out in short pants, mixing with the wet slap of our hips meeting. The sound bounced around the otherwise empty subway car.

"Fuck, you feel amazing," I groaned. Gripping her waist, I pulled her down to meet my thrusts. "I could fuck this tight little pussy for hours."

"Mmm, I'd let you," she moaned, "but I don't know how much longer I can last... My stop is coming up soon." I knew it wouldn't be long before I unleashed my thick load. My balls were drawing up tight against my body. I gripped her

hips harder and she slammed her hips down harder to take me in as deep as she could.

"I'm gonna come," I warned.

"Come inside me, fill that condom up!" She threw her head back and moaned. Cock pulsing and throbbing, I drained my balls into the condom. Her pussy clamped down around my shaft, milking my seed out. Once every drop I had was released, I eased up my hold on her.

Panting, the woman climbed off my lap and straightened out her skirt. She smoothed down

her hair and gave me a quick smile as she hurried to the door. Our car slowed to a stop and just as she was about to step off, I noticed an unmistakable drop of cum trail down her leg and glisten in the light. Looking down at my lap, I was shocked to see the condom had completely broken. Too distracted in the heat of the moment, I wasn't able to warn her. I supposed that's why it felt so good when she squeezed my cock with her cunt. Shrugging, I tucked myself away. I'd have to do laundry as soon as I got home, anyway.

"Until next time," I called after the woman. She'd already left and while I wondered what she'd do once she realized our mistake, I was more worried about catching some more shut-eye soon. Settling back into my seat, I let the rumbling subway carry me home.

TOTALLY TABITHA

"Sex is always on my mind. Sometimes I feel like a twenty-year old, always horny and ready to do it. I'll warm myself up by playing with my clit and titties. Then when I'm all wet, I'll take that cock of yours and guide it into my dripping wet pussy and let you fuck me until it dries up. And that could take a very, very long time. Wanna try to find out?"
